

Expression of Interest Advert for Scaffolding Services at Exxaro Belfast Coal.

EOI Reference Number: 315324

Purpose

To identify suitably qualified and experienced service providers from the Emakhazeni Local Municipality area for the provision of scaffolding services at various areas of the Belfast Coal plant.

Scope of Work

Exxaro invites suitably qualified and experienced service providers from Emakhazeni Local Municipality area to register their interest to participate in a Sourcing Event/RFQ, for the provision of scaffolding services at various areas at the Belfast Mine.

Responsibilities include the supply, transportation, erection, maintenance, and dismantling of scaffolding. The services must comply with SANS 10085-1:2004 standards for the design, erection, use, and inspection of access scaffolding.

- **Safety and Quality:** Ensure scaffolding is of satisfactory quality, free from defects, and fit for its intended purpose. Adhere to all site safety regulations and procedures.
- **Availability:** Maintain 10 tons of scaffolding on-site and ensure materials are available for the contract duration.
- **Inspections:** Conduct daily inspections and provide competent scaffold inspectors. Exxaro representatives will also perform regular inspections.
- **Training and Competency:** All personnel must be trained, competent, and possess valid certificates for scaffolding and working at heights.
- **Risk Assessments:** Perform risk assessments, create Safe Operating Procedures (SOPs), and conduct Planned Task Observations (PTOs).
- **Defects and Failures:** The service provider must rectify any defects or failures at their own expense if not caused by the mine.
- **Vehicle and Equipment:** Provide suitable vehicles and equipment, ensuring compliance with safety standards.
- **Housekeeping:** Maintain a clean and safe work environment.
- **Working Hours:** Standard working hours are from 06:00 to 18:00, five days a week. Callout services must be available outside these hours.

Team Availability: The scaffolding team should be located within a proximity of the Belfast mine operations to respond within 2 hours of a callout.

A detailed scope of work will be provided with the Sourcing Event/RFQ.
