

Expression of Interest Advert for the Supply and Delivery of Renewable Diesel with a particular focus on Hydrotreated Vegetable Oil (HVO) to Exxaro Grootegeluk Complex (GGC).

EOI Reference Number: GGC_HVOBIOD_25

Purpose

To identify qualified and experienced service providers to provide Renewable Diesel with a particular focus on Hydrotreated Vegetable Oil (HVO) to the Exxaro GGC.

Scope of Work

Exxaro GGC invites suitably qualified and experienced service providers to register their interest to participate in a Sourcing Event/RFQ to supply and deliver Renewable Diesel with a particular focus on HVO to Exxaro GGC located in Lephalale.

A detailed scope of work will be provided with the Sourcing Event/RFQ.

Action Required from Respondents

Note that your company needs to be a registered Prospective Supplier or a registered Supplier in order to participate in a RFQ. If your company is not a registered Supplier or Prospective Supplier, please proceed to register as a Prospective Supplier online at <https://www.exxaro.com/suppliers/> or [Prospective Supplier Registration](#)

All interested parties are required to complete the online questionnaire using the following link:

[Expression of Interest Advert for the supply and delivery of Renewable Diesel to GGC.](#)

Special Requirements from Respondents

All interested parties are required to send an email to SCMOPENRFI@exxaro.com with the reference number (indicated above) as the email subject, with the following information:

- Your comprehensive company profile with a detailed description of your service offering related to the supply of Renewable Diesel (focus on HVO).
- References from existing clients, including details of trials conducted at operational mines, and what fleet type (for example, Hitachi, CAT, Komatsu).
- Details of whether the use of your product requires any approvals from OEM, if so, include the OEM approvals.
- Details of whether modifications are required for existing diesel mining equipment to use your Renewable Diesel.
- Number of years of experience in supplying Renewable Diesel to the Mining Industry in South Africa.
- Details of the efficiency of your Renewable Diesel vs diesel in terms of consumption.
- Results of studies related to the impact on engine life and maintenance schedules (if any).
