

Expression of Interest Advert for Crushing of Oversized Material

EOI Reference Number: MTL_COM_2026

To identify suitable companies from the Emalahleni local municipality for Crushing of Oversize Material at Exxaro Matla Coal.

Scope of Work

The scope covers comprehensive Crushing of Oversize Material, including but not limited to:

- Core Task: Process ~800,000 tons of stockpiled oversize coal
- over 8 months (≈5,000 tons/day, weekday dayshift) to free up
- stockyard space and restore laydown capacity.
- Product Spec: Crush all material to –40 mm, meeting the Matla
- Power Station coal supply agreement (max 5% allowance for –50
- mm).
- Material Handling: Safely process a mixed feed; unprocessed
- ROM (up to –300 mm), processed oversize coal, and possible
- shale contamination, without needing to pre-sort it.
- Value Recovery: Recover saleable coal from the oversize
- stockpile for either reintegration into the plant's product stream or
- direct dispatch, minimizing losses.

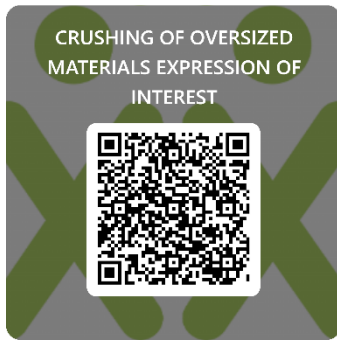

Special Requirements

- ISO 9001 certificate
- SANAS ISO/IEC 17025• Hold third-party liability insurance and damage
